

RENO'S GROWTH IS NOT A BOOM

A Healthy Rate of Improvement in This City.

A Journal reporter made the rounds of a number of the business houses yesterday and inquired if there was a boom on in Reno. No one seemed to know anything about a boom. They all told the same story, one on steadily increasing sales, augmented force of clerks and rapidly improving conditions generally. As to any excitement of a fickle, temporary nature, they know nothing of it.

These improving conditions are a result of the newly found resources, new industries and the influx of the needed population to cope with these changed conditions.

They were generally of the belief that Reno is not threatened with an unhealthy, mushroom boom, but were all of the belief that the growth of the city next year would be largely in excess of that of the present season.

Any individual of paper that conceals news of Reno's progress for the alleged fear of precipitating a boom is standing in the way of progress and is an injury to the town. Reno can stand 10,000 population in a year and 20,000 in three years. Let's whoop her up all along the line.

Concerning the New Game Law.

Editor Journal—I am at a loss to understand the seeming misconception that so many people have put upon the new game law, passed by our last legislature. An editorial in the Lyon County Times so has it that the law prohibits the giving away of any game bird during the entire year.

So far as the present law protecting the game, I quite agree with the Times, wherein it states that there is nothing to prevent any person from shooting all the ducks and quail he can for his own use.

The law now in effect prohibits the sale of game, but it in nowise restricts the giving away of game during the season of the year wherein the killing of game is permitted. So when a person is presented with a duck or quail as a gift, it becomes as lawfully his as though he hunted and shot the bird himself.

Washoe Might Be a Peanut Producer.

Washoe county soil is capable of producing anything that Washoe county climate will permit to grow here. This means every product of the temperate zone. Peanuts have always been considered as a semi-tropical staple, but this section can raise them if it tries.

Yesterday Gus Frey brought to The Journal office a bunch of these plants with a plentiful supply of fully developed peanuts clinging to the roots.

Purchased a Claim.

Messrs. Thompson & Frey yesterday sold to Dalzell & Bacon the Rubicon mine near the recent Midlothian and Nelson & Williams strikes. The consideration was \$800. The new owners will thoroughly prospect the claim, from which the surface work has yielded good assays.

Boring for Ore.

H. Zaidig came down from the Comstock yesterday. Mr. Zaidig is arranging to thoroughly explore the Brunswick lode with a drill having a capacity of sinking several thousand feet.

A Pythian Social.

Last evening the Knights of Pythias held another of their enjoyable monthly socials in Investment Hall. There was a large attendance and an enjoyable time was had. The exercises concluded with a banquet.

New Advertiser.

The new ad of the Tivoli saloon appears in this issue of The Journal. The proprietors are jolly good fellows and will doubtless do well here. Their place is neatly fitted up.

Successful Operation.

Mrs. Alex Pringle has successfully undergone an operation for tumor. She is in a hospital in San Francisco. Encouraging reports of the condition of her health were received yesterday.

SAVE AN EXAMINATION FEE

James Dunn, the big sheepman of northern Washoe, spent yesterday in this city.

J. F. Condon, general manager of the Verdi Lumber Co., spent yesterday at the Riverside.

W. S. Robinson and Mrs. E. J. Robinson of Glass Valley are spending a few days in Reno.

Mrs. H. B. Rule and son have returned to Winnemucca after visiting friends in Reno.

Henry Whistler, of Glendale, left last night for Panama, Iowa, to visit the home of his youth, which he left thirty-one years ago.

Formerly of Reno.

A. J. Maestretto is in from Austin. He formerly practiced law in this city and is now district attorney of Lander county. Mr. Maestretto has legal business at Carson the next couple of days.

A Splendid Stock.

Fleishman, the shoe man, is offering some splendid styles in wet weather shoes at reasonable prices. It will pay to inspect his stock before making purchases. His stock of arctics and rubbers is complete. Mr. Fleishman is quoting prices heretofore unheard of in Reno.

Marino Brothers.

Marino brothers are prepared to furnish music—harp, violin, etc.—for balls, parties, serenades, receptions, banquets, etc. Address Marino Bros., Palace Hotel, Reno. Latest popular music and all new dances.

TELEGRAPHIC BREVITIES

News of the Day Presented in Brief Form for Perusal by Busy Readers.

Two bodies were found yesterday in a garbage heap at Fargo, North Dakota.

A dozen of the escaped prisoners from the Kansas penitentiary are still at large.

The Federal Council has approved the bill embodying the proposed German tariff.

A terrible storm is prevailing off the British coast. A number of vessels have foundered.

Three miners were blown to pieces yesterday at Bluefield, West Virginia, by the premature explosion of a keg of powder.

The new constitution of Alabama has been ratified by a large majority. It will probably reach 30,000 and will not fall below 25,000.

Hon. Henry Clay McDowell has been selected to succeed Judge John Paul as United States District Judge of the Western District of Virginia. He is a grandson of Henry Clay.

A. M. Lawrence, formerly editor of the Examiner, but now connected with the Chicago American, has been sentenced to forty days imprisonment for publishing libelous matter. The author of the objectionable matter received a similar sentence.

Michigan capitalists have secured control of three hundred thousand acres of timber land near Mitchell, N. M. This tract is said to be one of the largest in the world, the growth available being estimated at two billion feet of clear pine. It is said a railroad will be built connecting with the Santa Fe near Tereau.

STREET PAVED WITH GOLD

Asphaltum Mixed With Tailings from English Mill.

Yesterday Contractors Gilmore & Fairchilds began laying the binder course for the asphaltum paving on Commercial Row. Work is progressing rapidly and in less than a week the street will be ready for the surface coating.

Over fifty men are employed and they are working like automata. The compact but ponderous steam roller glides about every direction and fairly polishes the surface of the work.

It is interesting to watch the preparation of the paving material. The plant is located at the old lumber yard and is perfect in all details of construction and efficiency.

Foreman Bateman showed The Journal reporter how the wheels go round. Sand and fine gravel for the binder course is shoveled into four inclined drums which are revolved by steam power over jets of crude oil flame which heat the drums to 320 degrees and effectually dry the fine gravel in a few seconds.

After it passes out of the drier it is lifted by an endless chain elevator to a steel bin 37 feet high. As rapidly as required the gravel is fed into an automatic mixer which, by an ingenious contrivance, is fed with asphaltum. The latter material is kept at a certain temperature by a wood furnace.

When the binder is thoroughly mixed it is fed into a dumping wagon and hauled to its destination. Power for the mixing plant is supplied by two stationary engines.

About tomorrow the final course will be prepared. Instead of gravel, tailings from the English mill will be mixed with the asphaltum.

As these tailings run well in the precious metals Commercial Row will in certain sense resemble the thoroughfares of New Jerusalem, that it will be paved, in part, with gold.

Assembly Lecture.

General Assembly will be held at 3:30 this afternoon in the gymnasium. There will be an address by Prof. Young of the department of metallurgy. His subject will be: "Progress in Mining Engineering."

Fine Dental Parlors.

Dr. C. F. Moore is adding some handsome new equipments to his dental offices in the Bank of Nevada building. Yesterday he unpacked a latest model outfit for administering nitrous oxide gas for the painless extraction of teeth. He has also received a handsome dental cabinet.

An Indian known as Young Sam was killed at Lundy last week. The guilty parties have not yet been apprehended.

TERSE AND TO THE POINT

Little Bits of Items, but Still Worthy of Mention.

Light northerly wind is prognosticated for today.

Wanted—Furnished house for family of two. Address "B," Journal Office.

A much needed crossing is being put in at the corner of Second and Virginia streets.

D. W. McKenzie yesterday made a large shipment of soft drinks to Tonopah.

Work will begin in a few days erecting the walls firm around the new jail building.

Morris Peppers has purchased the Palm saloon and will conduct it as a first-class resort.

Judge Cutler is much improved in health and will hereafter preside in the Second District Court.

Prof. Caffrey went a-hunting Monday. Two rattlesnakes were the only trophies of his prowess.

The funeral of Beulah Brown will take place this afternoon at 2 o'clock from the family residence.

If you wish a gold-filling, gold swaged cast, aluminum combination or rubber plate call on Dr. C. F. Moore.

Marino Bros., the musicians, have located in Reno permanently. They are giving concerts in the Palace hotel.

Masons have begun work on the foundations of the new Riverside hotel. Captain Gosse is now figuring with contractors on the superstructure.

The late rains have demonstrated to the authorities where the low places are on the street grades. Now would be the proper time to distribute gravel.

Saw and Hammer Sounding.

A Renoite took a drive throughout the city yesterday and reported to The Journal that 38 residences are in course of construction in this city. When spring opens the town will find itself in the midst of the biggest building boom that ever hit the place.

Spuds Are Good as Gold.

Truckee Meadow potatoes are in great demand. They are nearly all contracted for at from \$18 to \$22 per ton. Tubers of this variety are liable to have a golden tinge before spring. These Nevada potatoes are bringing the top price in San Francisco. The Southern Pacific Company is contracting for potatoes here for its diners.

Incorporation Talk.

It is a long time before the next session of the Nevada legislature will meet, but already a movement is on foot of secure a re-enactment of the incorporation bill. The town seems to be ripe for municipal organization.

Steckle May Remain.

Coach Steckle has been requested by the Pioneer Athletic Association to remain in Reno and coach the field day team next spring. If he accepts the proposition he will probably make this city his permanent home.

A Practical Electrician.

PORTOUS DECORATIVE CO.

Good Mines in Mason Valley.

W. J. Luke, assayer for the Nevada Consolidated Gold and Copper Mining Company, is home from Mason Valley. He says that the works of the company have been shut down pending the completion of certain changes. The mine is looking very well.

It is equipped with a 40-ton smelter which yields almost pure pig copper. The Bluestone smelter has resumed operations and is employing between 30 and 40 men.

Pat Gallagher's mine is producing fine looking gold ore.

The Ludwig smelter will start up as soon as its new water system is installed.

Dan Cupid Is Very Busy These Days.

Within the past two days the following marriages have been performed in this city.

George E. McAllister and Mary Blanche of Stockton, Cal.; Walter Janalex of San Francisco and Mamie G. Fox of San Francisco; William C. Horn and Linnie P. Keenan, both of Santa Barbara, Cal.; and Robert F. Graham and Miss Annie De Lafr from San Francisco.

Two Good Games Coming.

The Varsity football players are lining up in good form preparatory to the game on the 20th with the Olympics and on Thanksgiving day with the University of Utah. The former game will be played in this city and the latter at Salt Lake. A number of the local fanatics expect to go with the boys to Utah.

Renovating the Place.

Messrs. Brian & Smith, proprietors of the Pioneer Soda Works, are making extensive improvements to their establishment. The building is being renovated and made neat and attractive.

A HANDSOME PRESENT.

DOINGS IN THE POLICE COURT

All Sorts of People Meet All Varieties of Fates.

Tom Jack, who has had various and divers experiences with the pick and shovel gang, which is counted amongst the county's assets (or liabilities) as given thirty days in which to labor on the good of the commonwealth.

Mahala Jennie and Truckee Minnie each pleaded guilty to imbibing too much China gin, and were turned loose with an admonition to hike for Truckee, from whence they came.

Undershirt Bill, Tom Doland and others, who were charged for the balance of tangled feet, were each given thirty days to reconstruct the town's earth by liberal application of pick and shovel.

With John on a "sid wheel" colored and white men played not guilty to a charge of being on the streets. He and a team, when he gets ready to go. At the time of his arrest Mr. Johnson claimed he was too badly crippled to stand in the direction of the lockup, but an express wagon lift solved the problem.

Johnson Sides, "U. S. Peacemaker," swore to a complaint charging Charles Wilson with the theft of a double-barreled shotgun. Mr. Sides was so much in earnest that he wore a time-honored relic in the shape of a captain's coat of the vintage of 1859. That, together with Mr. Sides' good emmity, should land the offender behind the bars—if small and vindictiveness count for anything.

Fine Chloride Encountered.

A wide streak of heavy green quartzite has been encountered in the Midlothian mine. The stuff looks like copper, but contains none of this metal, running instead away up in silver. The lucky owners of this mine believe—and have reason to believe—that the Wedekind, No. 2, has been encountered.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

It is reported that a Musicians' Union will shortly be formed by the musicians of Nevada.

Miss Ida Kuleim and Alex Murchie were married in Mason Valley last Wednesday.

Mark Averill has returned from the Philippines to San Francisco, where he will practice law.

Sam Longabaugh who has been at St. Luke's hospital for his eyes, has almost been cured. Sam will return next week.

Residents of Carson have cornered the apple crop and two buildings are now occupied with the crop so far purchased.

The owner of the stage line between Ely and Wells is in the East investigating the merits of the automobile for use to carry the mail and passengers.

Theodore Winters has eight thoroughbred runners in training at Ingleside park, San Francisco. Mr. Winters does not propose racing the colts himself, but will shortly hold his annual sale and is preparing his stock for that purpose.

The C. & C. will run regular trains south of Hawthorne six times a week, beginning about the 20th inst. This is made necessary by the increasing freight and passenger traffic to and from southern points. Two additional crews will be put on.

Custre Post, No. 5, G. A. R., of Carson has adopted a resolution requesting Nevada's congressional representatives to use their influence to pass an act providing for the construction of at least one of the new warships at each of the government navy yards.

MINING IN THIS STATE

Culled News of Nevadas, Most Important Industry.

J. E. Beveridge, mining expert for the Kimberly syndicate, is examining the Tonopah mines.

Last Monday while repairing a road near Cerro Gordo Alex Baldwin was killed and instantly killed. His neck was broken.

An extra train of nineteen carloads of Tonopah ore was shipped through Hawthorne this week. This is in addition to the large shipments on regular trains. This ore goes to San Francisco and is shipped there to Everett, Washington, by water.

The strike at the Butters cyanide plant in Virginia City is unchanged in aspect. The demand of the Virginia Labor Union that a wage scale of \$3 per day be paid has been submitted to Manager Whipple, and in all probability the demand of the strikers will be acceded to.

FAVORABLE CRITICISM

Kind Words for Nevada from Over the Hills.

Tonopah, Nev., mines are scarcely a year old, yet they have already made a record notable in a State where notable records for mining districts are almost as numerous as the districts. The complete illustrated descriptive article that appears in this number and the article published in the early-day period of its development six months ago tell the story of the starting of the latest favorite, claiming the attention of the public. Unlike most favorites, which take much money from the outside to make them what they are, this favorite is paying its own way from the start. In Tonopah district the yielding of profit has followed so close on promise of it that even the near-by residents of Nevada State do not fully realize it.

Nevada is no longer tied to the fortunes of the Comstock at Virginia City and Gold Hill. As a commonwealth, it is not disappearing through the failure of its original great industry. With the temporary decadence of interest due to the long-continued period of time since the discovery of a bonanza on the Comstock, the State was unjustly condemned as a field for mining industry. The later years, which as every other State and Territory of the West brought a resumption of mining industry, coincident with the spread of knowledge that mining was business and not gambling, have finally weakened the belief that Nevada was a failure and only gambling, and this last year has seen many of the old camps take on a well-deserved new life and has witnessed the discovery of several new ones, of which last no far Tonopah is easily the first.

Most of the older camps which are being reopened have had outside capi-

tal providing the means. The new discoveries are the old Nevada prospectors' own. Men who have had the persistence of faith and the coincidence of good luck, and who have remained with Nevada through the years of mining depression, have made the discoveries of Reno and Tonopah and have the rewards. It is pleasant to be able to add that they have shared their good fortune with others whose opportunities and successes had been less.

Tonopah seems to have stood the test of considerable exploitation. The mines have paid their own way. The conditions developed by this considerable exploitation would seem to insure its successful continuance. Mining and Scientific Press.

The foregoing editorial appears in conjunction with a splendid illustrated write-up of that camp by Major Ingalls, staff correspondent.

THAT THROBBING HEADACHE

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by S. J. Hodgkinson, druggist.

GREAT LUCK OF AN EDITOR.

"For two years all efforts to cure Sczema in the palms of my hands failed," writes Editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for Eruptions, Sores and all skin diseases. Only 25c at S. J. Hodgkinson's, druggist.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mr. S. Himelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found its equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at S. J. Hodgkinson's. Trial bottles free.

SPREADS LIKE WILDFIRE.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 10 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitude of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, undown man or woman. Price 50 cents. Sold by S. J. Hodgkinson, druggist.

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark hal-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twenty years old will bring the menses on properly and keep them regular. It will help her to develop into an attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Ashbury Park, N. J., February 2, 1900. I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and was greatly relieved. To use her own words, "It saved my life." J. WELLEY CROSS.

Comes Highly Recommended.

One of the strongest dramatic attractions of the present season to be seen in Reno is "At the Old Crossroads," which will be presented by Arthur C. Alston's strong company Monday evening, November 20. When "Shore Acres" was here last week the manager of the company saw the lithographs of "At the Old Crossroads" hanging in the lobby. He remarked to Manager Piper that the play was even stronger and better than "Shore Acres." As the latter play gave great satisfaction, no stronger recommendation could be given.

Arthur C. Alston, proprietor and manager of the company, was in this city last night completing details for the company's appearance here. The play, which is a delightful story of Southern life, was written by Hal. Reid, whose play of "Human Hearts" was so well liked here.

Collecting Data.

Why not buy your piano of Professor Brookings, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookings' store.

Building and Loan Talk No. 14.

"Little drops of water and little grains of sand make the mighty ocean and all the beautiful land." So sang the Sunday School children. "Take care of the dimes and the dollars will take care of themselves," is an old but true saying. Referring to our "Talk No. 13" in which the safety features of our proposition were dwelt on, we now take up the question of profit.

"How much and how obtained?" The profit is obtained by simply loaning the depositor's money out on improved town property; requiring the borrower to pay the company back in monthly installments, which is a very easy way for one (with a fixed income) to cancel his or her loan, because they are constantly meeting their obligations and thereby reducing the loan. Well, then, in consequence of making monthly collections, our institution gets the use of this money of tenor than would be the case if the collections were made annually or otherwise, and the money collected is immediately re-loaned, and you therefore get the benefit, of not simple, but compound interest.

"How much, then, will I make if I save ten cents per day or \$3 per month?" You will get back \$5 for every \$3 at maturity, thus making a profit of \$2 on every \$3 laid to one side on our plan.

Twenty cents a day or \$6 per month, produces \$1,000 at maturity.

Thirty cents per day at \$9 per month, produces \$1,500 at maturity.

Forty cents per day or \$12 per month, produces \$2,000 at maturity.

The maturity period is anywhere from five to eight years, contingent on how rapidly you pay up your maximum amount.

If you are working for wages it is a nice way to raise your salary. If you are in business take out this small sum and invest it with us. It will not hurt your business to do so, and you will then not have "all the eggs in one basket."

Is there not such a thing as one's basket falling down and thus breaking all the eggs? We think so. More tomorrow in Talk No. 15.

Note our strong list of head officers:

A. A. Watkins (Vice-President of W. W. Montague & Co., and President of San Francisco Board of Trade)

Charles R. Bishop (Vice-President Bank of California), Vice-President.

S. Prentiss Smith (Director Bank of D. O. Mills & Co., Sacramento), Treasurer.

Clarence Grange (Late Building & Loan Commissioner Montana), Secretary.

For further information see T. W. Griffin, Field Manager, or assistants at Riverside Hotel.

Reno payments may be made to the Washoe County Bank.

Phoenix Savings, Building and Loan Association, San Francisco, Cal.

SEEDS! SEEDS!

In order to facilitate the delivery of seeds, Mr. Newlands requests all those desiring a quota of seeds next spring, to send in their applications at the present time, thus assuring an earlier delivery than would otherwise be possible. Address all applications to Francis G. Newlands, House of Representatives, Washington, D. C.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a healthy body of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store.
